16 May 2022

What a time we have had over the last two months.

God has certainly been on our side and easing much of the stress that I (Keith) have been under lately. Some of the stress has been caused by my mother and her health. She has been in and out of hospital with falls at home, low blood sugars, a pacemaker being put in, and a few rounds with my brother and the doctors trying to decide what is going to be best for her moving forward. She has made a bit of a recovery and is home now, but she still needs a lot of prayer.

Also our middle son Konner made the leap of faith to move back to the United States. Kimmy and I went back to help (as much as we could) his transition and we were blessed to have Kimmy's parent's (our sending Pastor and wife) come out and help. They were a huge blessing during the couple of weeks we were there. Tears were shed, but not of sadness. So-longs were said, but we know God is in control. Kimmy and I had silent tears streaming as our first plane took off, but there was and is a peace knowing he is where God wants him to be.

The work in Carlisle is thriving. Many trials have been happening through which God is working. One family had been evicted from their home (not their fault) and couldn't find anything until this past week. Praise God! Others had a problem arise and weren't sure how it would resolve, but God answered prayer in the same day. Praise God! Our people are working hard to be as righteous and holy as they can be in following the Word of God. They still need prayer to help them choose to follow God every day.

Things about which you can pray with us:

1. My mother's health (Keith)
2. Kade's schooling (he should finish within the month)
3. Konner's settling in the States
4. Kimmy as she schools Kade (she looks forward to retiring :))
5. Kyle in his job at the restaurant
6. Lighthouse Baptist Church people, ministries, and outreach.

Keep on! Stay Faithful! The Cashner's
