

Greetings from California

and the Wilhite family

September 15, 2022

- We are over three-fourths of the way through our four-month medical refreshment furlough.
- God has given us safe travels when we have needed to travel.
- Two new grandbabies have recently been added to the clan, and another one is soon to arrive.
- Debbie's mother flew in from International Falls, MN to visit us for 12 days in mid-July.
- In late July, we were able to attend my nephew's wedding in Pensacola, FL.
- A recent wellness checkup for Jerry turned out fine with the exception of a slightly higher hemoglobin count, but a recent blood donation probably brought that down.
- In mid-August Jerry flew to Iowan to visit family and attend his 45th year high school graduation reunion. It was a special blessing to have our high school coach join us!
- Several personal matters were addressed too (banking, wills, storage, etc.)
- A container of 25,000 Bibles was delivered into Australia, a good share of it being paid for by supporting churches. Then, our home church paid for the shipping.
- Along the way we have seen the Lord open doors for witnessing about the Savior, especially with our home church!
- Twelve churches and one fellowship meeting have let us serve them in some way these past three-plus months.
- We have been able to procure several quality leather Bibles, books for pastors, and new hymnals for the works in Aus.
- My wife remembered her 45th spiritual birthday on 9-11. Do you have one that you remember?
- It appears that we should have no problem returning to Australia on October 4.

Thank you to those who remember to pray for us!

Bro Jerry, Debbie, Debrianna, and Joshua Wilhite
